

Welcome to the Brad Brewer Golf Academy at award-winning Rosen Shingle Creek Golf Club!

Over thirty years of golfing socially and competitively has offered me a lifetime of great golf experiences throughout the world. The game, its traditions, together with personal mentors, including the King of Golf, **Arnold Palmer**, have shaped my outlook and philosophy toward teaching and coaching.

My staff of certified instructors offer **Individual & Group Instruction** to both adults and juniors, **Private lessons, Academy Programs**, or **customized group instruction and team building activities**. Learn with your instructor exclusively, or bring your golf mates and enjoy learning at a reduced rate.

Whether you are a visitor to Orlando or a Florida resident, call today or fill out our online questionnaire, and tell us where you are with your game, your goals and objectives, and we will recommend a program to suit your busy schedule.

Continue your game development through our eCoaching services, available with all instruction. You can also make **Shingle Creek** your home course with an **Academy Membership!**

GIVING BACK
